

PENREN /C this Week

February 17, 2004

Pentagon Athletic Center

The PAC will replace the existing 58-year-old Pentagon Athletic Facility with a larger facility that meets membership fitness and readiness needs. The facility will be located at basement level underneath and adjacent to the Pentagon's Mall Terrace.

Countdown to Grand Opening...

The PENREN/C PAC Team has been meeting regularly with the PAC Management Staff to make sure everything stays on track for a March 29th Grand Opening.

Roads, Grounds & Security

Two Roads, Grounds and Security Projects are currently underway, the Remote Delivery Facility Secure Access Lane (RDF-SAL) along Route 27 and the Pentagon Secure Bypass (PSB) Lane which involves the rerouting of Route 110 through the Pentagon North Parking lot.

Coping for the RDF-SAL blast protection system and traffic barriers isolating the RDF traffic are now in place.

PSB: Completed Plaza at Northern Pedestrian Bridge (Corridor 8).

Pentagon Renovation & Construction Program Office
"MEET THE RENOVATORS"

Gene Munoz, Deputy IPT Leader, Intake-Outfall & Ancillary Projects

As the Deputy IPT Leader, Gene manages the day-to-day construction of the Intake-Outfall Project and assists the Ancillary IPT Leader. He is also in charge of project close-outs for both teams. He is currently working on his CMAA Construction Manager's Certification.

In his own words: "I'm always intrigued by the amount of work that is being accomplished every day by the contractors and the PENREN/C team. In spite of the daily challenges we face, it always seems that there is progress being made."
